

Silicone **X-TREME TAPE®**

Self-Fusing Silicone Rubber Tape
Protects Connections Faster and Easier

*Rolls can be supplied
perforated for easy use.
NO NEED TO CUT!*

No heat gun needed.

X-Treme Tape®'s 300% stretch seal
insulates **ANY** wire and connection size.
(Unlike shrink tubing 3:1 shrink ratio)

X-Treme Tape® can be applied anytime.
(Shrink tubing must be slipped over the wire before final connection)

Self-fusing X-Treme Tape® has no adhesive and
completely fuses into a single insulating wrap.

X-Treme Tape® can be applied in wet conditions
– **even under water!**

UV & Salt
Resistant

Stretch

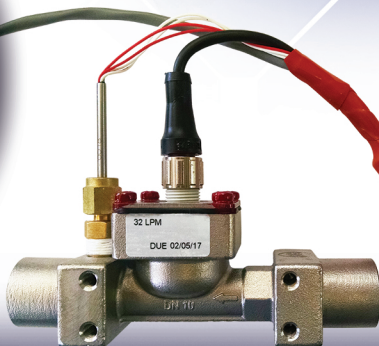

500° F

-80° F

Insulates
8000 Volts
per unstretched
layer
